Roads—Good, Bad, And Indifferent Is Subject Of RDB's Committee

All-County Needs And Facilities To Be Subject Of Study

Instead of periodically aiding a group which favors some particular project, or to take care of an emergency by special activity, the Resources Development Board has embarked on a plan whereby its Road Committee will consider the County's overall needs, and a long-time basis, lending its aid to County, State and Federal authorities and cooperating with each in what ever way practicable, as liaison with the public and other organizations. In this way, it is hoped that a condition will arise whereby a group in one part of the County will be urging someone to do "this", when everyone could agree on "that" as the most important.

The most unique County in the United States, "as it is the only one that has the most beautiful beach for the most able financially to enjoy it, and in its hinterland, a vast area of winter vegetable garden, with dairy, beef cattle, tropical fruits, exotic shrubs and flowers, — all this in one county."

Such a county deserves outstanding roads lined with beauty, fertility and entire to its international society and the bon vivant, as well as trunk-line transport routes for self-protection, and to the farmer, cars and farm to market roads for the tiller of the soil. In these days of gasoline wars, and bridge wars, the federal aid to inter-state traffic ways and to the farmer's highways, a multiplicity of complications of interests and methods of aid, it is not easy to have the public satisfied with the decision of the body as in just what to when. This is especially so when that body hasn't time to explain to the persons he represents the "why" of the action. There are times when that body hasn't immediately available all the information on which to base a competent decision.

The Resources Development Board has produced such marked results by organization, study, research, and on-the-spot minute attention to the anticipated plan in Flood Control that "Roads In Our Country," the program of the appropriate committee has been undertaken.

The purpose is far from antagonistic — it hopes to iron (Continued on Page 4).

FOOTBALL SPECTATORS CLINIC PLANNED BY LIONS

Tentative plans were made at the Lions Club Wednesday to sponsor a "Football Clinic for Spectators" at the Memorial Field, soon, which would give the public an opportunity to learn the signs for the different infractions of rules. This would be given by a public address system, with demonstrations by football players and officials. Further details will be announced at the Wednesday's meeting, according to Henry O. Earwood, president. The clinic project is going forward. On Saturday morning 35 acres are to be fenced in.

PAR-TEE LINE

Country Club of the Everglades

"An informal party for the members was a big success Saturday night at the club. Card games and dancing were enjoyed. It is planned to have more of these during the summer months. Until further notice, the top-notch supper on Sunday night will be discontinued, according to Chairman, Louise Thorne. Too many of the members are away. — F. O. S. —" The Ladies' Luncheon Club will serve on the house committee at Ladies Luncheon today.

445 Cattle & 60 Hogs Get \$40,000 At Cattle Market

Normal Standard Not Evident In Last Week's Sale

With medium slaughter steers bringing \$23, heifers as high as \$24, calves brought a high of \$27, as did stocker calves, at the scheduled Friday sale of the Glades Livestock Market.

507 animals went through the market Friday, returning \$40,800.00 in the product. They included 162 slaughter cattle, 62 slaughter calves, and 177 cattle and 44 calves went to stock buyers. 60 hogs were sold with slaughter hogs bringing \$18.00-20.00. Very noticeable was the lower class of calves offered. There were 66 of 78 cows grading market and 36 of 64 steers grading common and inferior. Only 28 of 55 slaughter steers were of better grade.

We do not anticipate much change in the general price level until early fall. Local producers will also all available stocker cattle at good prices.

Cattle stealing in South Florida is becoming all too common. One cattleman from Bean City reports 3 cows shot with 22 rifle within recent weeks. Cattleman from Broward County reports the same condition. This loss of cattle from these sources can be materially checked by united effort. Cattlemen are urged to actively support their associations and association directors are urged to coordinate efforts with neighboring associations.

BRING YOUR CATTLE BEFORE TWELVE O'CLOCK ON FRIDAY!!!!

NUBERRY ADDITION TO BAPTIST CHURCH

Rev. Wade Griffin, pastor of the First Baptist Church, announces that arrangements and plans are being completed to add a Nuberry addition to the building adjacent to the Pastoral and to front on Avenue C.

The facilities are to care for those up to three years of age while parents are attending any service in the church, with the three-story old group. They will be a room for small babies, with six to eight beds, a double room with half-wall partition; one room to take care of the crawling and toddler age and the other for two year olds. A separate room will be used for the annual summer local talent show and the church will be a bathroom furnished with small scale fixtures and linen storage space. An attic space will be used for the unit will be installed, also.

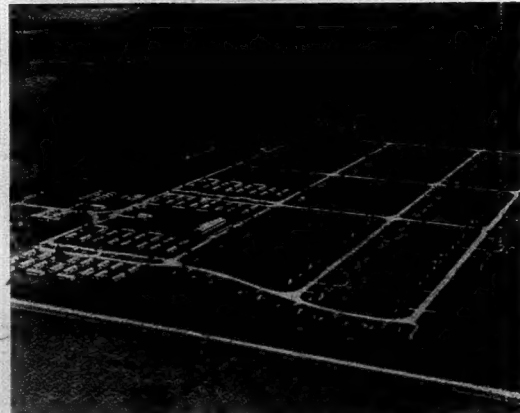

Local Talent Will Perform Next Friday Nite At Everglades Theatre

The Palm Beach Stage Crafters will present "The Palm Beach Spotlight Hour" in Belle Glade at the Everglades Theatre on Main Street, Friday evening, August 11th, at 8:00.

The cast will include: Margaret M. Lube of Palm Beach, Production Manager and Director of The Stagecrafters. Tickets will be no admission fee; the public is most cordially invited to attend. The full proceeds from a free will offering will be taken up with the offering will be presented to a Belle Glade charitable project. The names of all local charitable and community projects will be placed in a box and a child in the audience will be requested to draw out tickets to which the offering will be given.

Fishing Licenses Announced

Fishing licenses can be obtained at J. Harris' office, after 5:00 p.m. Monday, August 7th, and Corbin's Fishing Camp at State Road 717 at the government lake.

Camp Okeechobee, one of two Migratory Labor Camps built and operated by the government at one time, but recently operated by the Belle Glade Housing Authority, is being converted to a local authority to secure title to these camps, which include Camp Okeechobee at Chosen, for whites. Two at Pahokee and one at Sand Cut, under the Pahokee Housing Authority are also included in the action by the National Congress.

Yams That Am Yams Are Home Grown

Churches Lead In Building Permits In Recent Years

The churches of Belle Glade vicinity are forging ahead, especially in the building field. Approximately \$200,000.00 has been spent, or is to be spent, in the building of churches, pastoriums and educational buildings during 1948, 1949, and to August, 1950, according to Inspector Willis at the Town Hall. This is a real contrast to 1920, when the only building available for Sunday School was the old American Legion Hall.

According to Mr. Willis, not only have our church organizations been building, but there has been an upsurge of building in almost all fields. During June and July alone building permits issued totaled \$362,775.00. These covered mostly small commercial buildings and private homes. The amount contrasts sharply with the total for June and July of 1949, which amounted to \$192,475.00.

Winners In Park Playground Games

Winners in the Paradise Park tournaments taking place this week in the park are as follows: Tennis: Joe Thomas (6-9) Paula Parsons, (9-13) Ruth Larry Harris defeated J. F. Wilcher and Kenneth McDonald; Shuffleboard: Larry Harman, Mary Claire Crider, Ping Pong: (14-18 age group) Alvin Leathers defeated Ralph Prescott; (9-13 age group) J. C. Womack defeated Harry McDonald; Checkers: (14-18 age group) Alvin Leathers defeated Joe Thomas; (9-13 age group) Louis Friedheim defeated Larry Harris; (6-9 age group) Leroy Berryhill defeated Tony Berryhill.

JOINT MEETING HELD BY LEGION UNITS

A joint meeting of the members of the American Legion and the Auxiliary was held on Tuesday evening at the Legion Hall, where they dined on boiled shrimp. Card games and dancing were enjoyed during the evening. Plans were formulated for this get-together meeting to be a monthly affair.

Pound Party Compliments Reverend And Mrs. Laus

Reverend and Mrs. W. F. Laus were given a surprise pound party by the congregation of the Presbyterian Church immediately following mid-week prayer services, Wednesday night, July 26.

Is The War On?

There are three disappointed pilgrims in town these days, as word was received this week of the cancellation of reservations in the Transair Travel Service for the Holy Year Pilgrimage tour planned by Mrs. Imogene Fontaine, Mrs. Mary Fay and Mrs. John Tabit. As the Transair Travel Service DC4 planes were under charter from the Seaboard and Western Airlines, and these have been borrowed by the U. S. Government for the Korean airlift, the trip, necessarily, had to be cancelled.

Vegetable Season Hit Peak, Figures Of FEC Reveal

The Glades hit a peak in harvests and sales of vegetables season, according to figures compiled by W. D. Brunson, FEC division freight agent in West Palm Beach. Brunson's figures reveal that train carload shipment of perishables from Everglades to Miami, Maython through Lake Harbor mounted to 14,323 loads. The figure compares favorably with the 12,816 shipped in 1948-1949, highest season during the war.

FCD Granted Title 826 Acres of Land

Central and Southern Florida Flood Control District was granted title to approximately 826 acres of land needed in the immediate construction of part of levee 40, according to an order signed last week by Circuit Judge Joseph S. White. The 400-foot right-of-way extends south from a point on the West Palm Beach Canal two miles east of 20-Mile is included in the portion.

Trees Are Planted In Paradise Park

Under the direction of Mrs. Ivan Van Horn and Mrs. C. W. McDonald twenty-five trees have been planted in Paradise Park recently. These trees were donated by the Belle Glade Garden Club, and are to be planted in the Paradise section. Among the newer trees are the umbrella, shawer tree, crape myrtle tree, bottlebrush, and the crape myrtle tree, all three of the Florida orchid. This ties in with the program sponsored by the Florida Federation of Garden Clubs, of which the Belle Glade Club is a member.

Sugar Spoils

Aging does not improve sugar, even though this is a staple food which keeps well for a long time. Specialists of the U. S. Department of Agriculture say, however, that sugar kept too long hardens or "leakes" and is more difficult to use. This is particularly true in humid summer weather when sugar may become damp.

Applicants Of Varied Abilities Are Available At Employment Office

As of July 31, a total of 233 persons were seeking work through the Florida State Employment Service located in Belle Glade. One hundred twenty of these applicants, including 31 females and 30 veterans, are residents of the Belle Glade area and the remainder live in or near Pahokee, Clewiston, Moore Haven, and La Belle. The following table shows a breakdown of applicants for jobs in the Belle Glade area according to occupational classification, including specific occupations: Professional and Managerial: Instrument Man; Clerical and Administrative: Sales, house manager, Clerk typist, Timekeeper; Service: Short order cook, bartender, Guard, Mail Agent; Agriculture: Farm and harvest hands; Skilled: Liquor man (sugar mfg.), shoe repairman, Overhead crane oper., Auto. mechanic, Maintenance mechanic, Painters; Semi-Skilled: Routeman, Truck Drivers, Tractor operators, Auto. Att., Air, Drill Operator, Rodman, others; Unskilled: Laborer (guar mfg.), etc. Thirty-five of the persons seeking work in the Belle Glade area are eligible for and are receiving Unemployment Compensation benefits either under Florida's Unemployment Compensation Law, the Serviceman's Readjustment Allowance Act, or under another State Unemployment Insurance Law. Employers in this locality urged to make use of this pool of job seekers by making their own openings known to the Florida State Employment Service office located at 100 South Main Street.

Canal Point And Riviera Beach Get New County Parks

Both Are A Fur Piece From Majority Of Glades Population

The South end of Lake Okechobee seems to have been forgotten when Park money was distributed by the County Commission in the same proportion as the gasoline tax bond money for roads — we get "nuttin", as is disclosed in the following release of the activities of the County Commission.

First steps in constructing a new county park building at Canal Point, a structure that will serve as a general social and meeting center, were taken by the Palm Beach County Commission Monday when bids on the job were received.

The lone bidder on the project was Don Hillier & Sons, who submitted a lump sum bid of \$30,750. The bid was referred to County Engineer J. M. Boyer for study and a report would be to the commission meeting next Monday. Vice Chairman Paul Rardin, who presided at the meeting this week, said that the Chairman Lake Lytal, said the new structure would be used for both Boy and Girl Scout meetings, H-H club meetings and other community affairs. The building, 300 feet long, will include an auditorium and kitchen.

The group heard a report from Commissioner Kenneth Foster, Dist. 1, that dredging of Canal Point, a structure that will serve as a general social and meeting center, were taken by the Palm Beach County Commission Monday when bids on the job were received.

Prescott Acting Chief In GLADES' ABSENCE

It. Buford Prescott is Acting Chief of Police during the two weeks absence on vacation of the Chief, Chas. D. Goodlet. The first week, accompanied by Mrs. Goodlet, her mother, Mrs. G. A. Hill, and Newelton Goodlet, brother of the Chief. The first week, being spent in Birmingham and Cullman, Ala. after which Chief and Mrs. Goodlet plan to spend next week at Fort Myers Beach.

FLORIDA PRESS ASSOCIATION

ON WHOM THE BELLS TOLD

Did you ever stop to think that your life is regulated by bells? All my life and probably yours, bells have been dividing time into pigeon holes of activity. They beckon with demanding calls.

The process starts in early youth. Bells summon you to the first grade the first day. They continue their irritating rattle for twelve years at least and maybe four or eight years longer. Just when you think you've eluded their grating demands, you find they follow you everywhere. No one escapes. There are school bells, church bells, fire bells, alarm bells, blue bells, just plain bells and dumbbells. They all enter into the picture sometime, and if you are so bold as to disregard them, there's the devil to pay.

Many don't realize the savage dictatorship of bells. To them their sound is stimulating and scintillating. They even collect them.

This writer has decided that perhaps vacations were made for the reason of escaping the clutches of the bells at least for a brief span. The lucky vacationist believes he can best the call of time. He thinks that he is no longer compelled to cease what he is doing to do something else simply because of a bell. He is fooled. Promptly he plans a rambling vacation. He sets the clock. The alarm rings. He awakes. He hurries to the depot. The train bell sounds (perhaps in the form of a whistle.) He hurries lest he miss the train. Once again he is a victim of the bells. He must report.

This writer is taking a vacation this week and next. To escape the life intruders requires a deep understanding of their nature and crafty maneuvering. The writer has tried without success to beat them many times before. Failure is the usual story.

"Where there's life, there's hope." She attempts again.

P. B.

Florida's Population Has Increased More Than One-Half Million

Florida had a net gain of more than one-half million new residents who moved in from other States during the last ten years, the Florida State Chamber of Commerce reported yesterday.

The total gain in the population of Florida, 1940-1950, was 836,702 persons. This week's business review of the State Chamber's research and industrial division breaks down this total into 282,547 more residents from natural increase (that is, excess of births over deaths) and a net gain of 554,155 new residents who have moved here from other States.

Comparable figures on each state, available to 1948, show 17 states in the nation as gaining from migrations since 1940. Florida was the only State in the South among this group.

The economic effects of the large number of migrants to Florida are significant. Obviously, the Florida market is

greatly enlarged each year by these new residents. Probably as important is the fact that types of goods and services offered are designed to cater to these persons making initial outlays in becoming established. This is noted especially in the market for new homes.

The effect of migration on public affairs calls for more improvements and planning to keep pace with growth while still preserving those natural features which continue to attract people to the State.

The State Chamber credited Florida's climate "as the prime reason for so large a migration which, in turn, starts the cycle of more business and expanded industry."

The first session of the United States Supreme court was held on February 1, 1950, in the Royal exchange, on Broad street in New York City.

Presbyterian Circles

Circle One of the Presbyterian Church held their regular meeting at the home of Mrs. W. F. Knight, Tuesday night, with Mrs. Robert Roadman presiding.

Bible study, "Hezekiah's Prayer," was given by Mrs. W. F. Knight. The Program, "Women of the Church in Other Lands," was given by Mrs. Clara Gledhill.

Others present were: Miss Ann Kirkman and Mrs. K. C. Campbell.

Circle Two met at the home of Mrs. David Motes, with Mrs. Tom Watson Jr., presiding. Bible Study was presented by Mrs. John Randolph. Mrs. L. W. Bessent was in charge of the program.

Others attending were: Mrs. A. L. Cumpton, Mrs. J. E. Thompson, Mrs. W. K. Whitlock, Mrs. Robert Garrison, Mrs. D. H. Smith, Mrs. Ernest Fiedler, and one guest, Mrs. R. G. Nelson, of Tampa.

PERSONALS

Miss Paulette Blank is spending her vacation with her parents, Mr. and Mrs. J. H. Blank, in West Palm Beach.

Mr. James Koffman returned last Thursday night from Ft. Valley, Georgia.

Mrs. Edwin Archer has returned home from a three week's visit with relatives in the Carolinas.

Mr. and Mrs. John Winburn and daughter, Linda, arrived home Monday from a vacation stay at Myrtle Beach, South Carolina.

Mr. R. V. Allison returned home Sunday from a business trip to Ohio.

Mr. and Mrs. Louie Kirkman and children, and Mr. Wilbur Kirkman will leave in the morning for a two week's vacation to visit relatives in Summer, Iowa.

Colonel D. W. Winfree is visiting at the home of Mr. and Mrs. Luther Jones.

Mr. and Mrs. Earl Lindrose and family returned Sunday from a month's vacation at Fort Myers Beach.

Mr. and Mrs. Woodrow Buss and children left Wednesday for a vacation trip to Arkansas and other points.

Mr. and Mrs. Bill McCleskey and Mr. Jim Maynor spent last week and night in Myers.

Guests at the home of Mr. and Mrs. Sam Wright for the month of August are: their nieces, Joyce, Bobbie and Myrie Cartwright, of Sarasota.

Mr. and Mrs. Jack London of Philadelphia were guests Sunday and Monday of this week at the home of Mr. and Mrs. Bob Bair. Mrs. Bair and Mrs. London are sisters.

Mrs. Sam Gregory spent last week and visiting friends and relatives in Marianna, Florida.

Mrs. R. G. Nelson of Tampa is visiting at the home of her daughter, Mrs. Tom Watson Jr.

The Germans claim that John Gutenberg was the inventor of movable type. The Dutch claim the same for a man by the name of Laurens Jansonius Gorter.

NEW JET-PROPELLED SUNTAN. Sun-tanning enters the atomic era with a cool, jet-propelled solution of tannic acid that goes on at the touch of a thumb, dries instantly, and produces a quick, even tan, while giving bacteria protection against sunburn. The solution, known as "Gehabar's Tannic Spray" has long been in use by the medical profession, but is just now being introduced to the general public. Miss Phyllis, of 1950, lovely Maryellen Talbot, is shown using the "Tannic Spray" before her swim.

Florida Department of Reserve Officers Pass Resolution of Unity

At a meeting of the Florida Department of the Reserve Officers Association of the United States, in West Palm Beach, on the evening of July 21, 1950, a motion was made, seconded and carried that the following resolution be adopted and that copies thereof be given dissemination through the press and radio while others be sent to our Congressional Delegation in Washington, Representatives in Tallahassee, and all civic officials of Florida.

THE RESOLUTION WHEREAS, our Country, as a member of the United Nations, along with other Nations of the World is engaged with arms to preserve the liberties and freedom of a people who only want to be let alone and live in peace; and WHEREAS members of our Armed Forces are daily making the supreme sacrifice in upholding the traditions of our Country in its endeavor to protect the weak and see that right and justice shall prevail; and WHEREAS upon the announcement by the President of our entry into Korea to fulfill our pledge to the people of South Korea, we are today fighting in Korea, and also bring down upon us all sorts of Governmental controls; thereby making a mockery of the lives of our boys who lie dead in the mud of Korea, some with their hands tied behind their backs, their faces shot away by Communist machine guns—dead because they fought to preserve the American freedom which the profiteers and hoarders use to their own advantage and the disadvantage of their fellow men; therefore, BE IT RESOLVED that it is the view of the Florida Department of the Reserve Officers Association of the United States, each member of which has personally experienced war, that with the threatening clouds of a Third World War hanging over our Nation, individuals and combinations of individuals should join together in a unity that produces the absolute maximum of strength and, BE IT FURTHER RESOLVED that every good citizen do all that he can to expose those who are profiteering and obtaining goods to his own advantage and the disadvantage of his fellow man.

P. B. County Pays Large Sales Tax

Florida's limited sales tax in seven months produced \$23,562,999 on nearly 2 1/2 billion dollars of gross business.

Comptroller C. M. Gay has just compiled figures on collections from beginning of the tax November 1, 1949 through June 30th.

"This total for seven months indicates that our original estimate of 40 million annual yield will prove accurate," said Gay. "The final collections through November may slightly exceed our estimate," he added.

State-wide figures for all Florida counties showed: Gross business reported, \$2,425,583,197; total taxable sales, \$769,371,971; total net tax collected, \$23,562,999.

Palm Beach County's totals were:

Gross business reported \$112,938,484. Taxable sales, \$45,110,894. Net tax paid, \$1,417,927.

The Comptroller again thanked the registered dealers and taxpayers for their patience and cooperation during early months of the law's operation. "We are particularly proud that not a single suit has been filed involving interpretation of the law by my office," said Gay. "Several tests have been made by the law's constitutionality but none has been successful."

There are now more than 90,000 registered dealers, each billed monthly. Gay said the confusion of early months has been largely overcome and the procedure is now working smoothly on a current basis.

OLD FASHIONED REVIVAL HOUR. Sunday Evening 7:30 P.M. WSWN DIAL 900. CHAS. E. HILL, JR. Host.

The Churches of Belle Glade Area Invite You to Attend Church Sunday

This Week's Sermonette is Written By P. E. Nelson, Nazarene Mission

The Pre-Eminence of Christ, Text, Col. 1:18 "That in all things he might have the pre-eminence."

The grand objective of the Apostles of Christ was to exalt Christ—His life, works, death and his resurrection. They gave him pre-eminence. It is His to date.

Let us notice a few things in which Christ has pre-eminence over all other men.

He is pre-eminent as to His glorious person and titles. He is truly "God manifested in the flesh," Immanuel—God with us," the Prince of peace, the Lion of the Valley, the Light of the World, and the World's mighty King. He was once dead, but now is alive forever more.

Christ is also pre-eminent as to His great works. No man has rivaled Him in His mighty works, nor ever will. He is the great creator of the world and groups of worlds, in connection with God the Father and the Holy Spirit. Who but Christ could redeem a lost and dying world? Christ could, and did. That is to say, he has made redemption possible to all man kind. He's up to man to do his part.

Christ has the judgement of the world in his hands. He alone could handle such a great task.

Then Christ is pre-eminent in his ability to save and keep. He came for the purpose to save his from their sins. He is able to save, sanctify and keep all who are willing to be saved, cleansed and kept.

As we think on Christ's pre-eminence, we feel like singing with the poet "All hail the power of Jesus' Name, Let Angels prostrate fall, Bring forth the royal diadem, and crown Him Lord of all."

SOCIETY NEWS

Birthday Picnic Party At Park

A picnic lunch and party held at the Park Saturday from 11:00 to 2:30 complimented the 7th birthday of Janet Ruth Kirk, daughter of Mr. and Mrs. Ralph Kirk.

Mrs. Kirk was assisted with game direction by Mrs. Jack Kaufman. An amateur talent show was staged and winners determined by applause from the group. Little Billy Weeks won the prize for the boys with a clown performance, and Sarrel Kaufman for the girls, with a hula dance and song.

The guest list included: Paulie Parson, Doris Muller, Marjorie McDonald, Barbara Kirchmann, Mary Ann Tillery, Patricia Anderson, Susan Clark, Linda Evans, Stephanie Kaufmann, Sarrel Kaufman, Phyllis and Martin Buss, Steve and Billy Weeks, Richard and William LeFili, Alvin Schlechter, Tommy Simmons, David Moore, Sharon Cobb, Jimmy Lee Mills, Peggy Williams, and Martha Brent.

WCS Circles Meet In Joint Services

Joy Circle and Circle Two of Woman's Society of Christian Service held joint services at the Methodist Church, July 25.

Mrs. Frank Morris, Chairman of Circle Two, conducted the meeting.

Mrs. S. K. Smith, Jr., was in charge of the music, presenting Miss Kathleen Sanders, water in two piano solos. Mrs. William Carter, assisted by Mrs. Emil Wolfe, gave the devotionals, using as her subject, "The Christian Way."

Hostesses were Mrs. Guy Wood, Jr., Mrs. Malcolm Bedale, Mrs. S. L. Wright and Mrs. Hilton Earle.

Others present were: Miss Mary Anna Murphy, Mrs. Herman Baker, Mrs. L. F. Vanderwarker, Mrs. Jack Hollingsworth, Mrs. Aubrey Arnold, Mrs. R. L. Mackey, Mrs. Ed. Lively, Miss Margaret West, Mrs. Cook, Mrs. Al Trengena, Mrs. William Hill, Mrs. Clarence Kider and Miss Ruth West.

The two circles will meet jointly for the August 27th meeting at the church.

The Mary-Martin and Ruth-Naomi Circles of the WCS held a combined meeting at the home of Mrs. I. W. West, Chorus, Wednesday afternoon, July 26.

Devotionals were led by Mrs. H. J. Bratley. The program, "Never Again Such Insecurity," was conducted by Mrs. H. D. Beck. A short business meeting was conducted by Mrs. George Farnall.

At the close of the meeting delicious refreshments were served by the Misses Ruth and Margaret West, to the following members: Messrs. J. E. Browne, F. C. Dooley, Ing. Nielson, Ivan Van Horne, Ross Winne, D. R. Kemper and S. L. Wright.

The August meeting will be held at the home of Mrs. S. L. Wright.

Miss Edwina Young Has Birthday Party

A theatre party Monday night complimented the eighth birthday of Edwina Jane Young.

Refreshments were served at 6:30 at their home in Northmoor Gardens by her mother, Mrs. George Young.

Births

Mr. and Mrs. Hoch Cooper, city, announce the birth of a son, Ronald Stanley, on Wednesday, July 12th, Mrs. Cooper was formerly Miss Mary Francis Rawls.

Mr. and Mrs. Jack Cook, city, announce the birth of a son, Robert Lavton, Thursday, July 13th. Mrs. Cook was formerly Miss Ovita Gannan.

Mr. and Mrs. Grant E. Averill, Chosen, announce the birth of a daughter Joretta Roulin, on Tuesday, July 18th. Mrs. Averill was formerly Miss Betty Louise Carver.

Mr. and Mrs. Glenn Betts, city, announce the birth of a daughter, Sandra Jean, on Friday, July 21st. Mrs. Betts was formerly Miss Betty Louise Carver.

Mr. and Mrs. Vernon L. Dexter, city, announce the birth of a daughter, Barbara Lucille, on Tuesday, July 25th. Mrs. Dexter was formerly Miss Kathleen McCarthy.

NEWS VIEWS

E. B. DODG

The editorial says August 1 is Victory Day. We hate to argue with the calendar because it does a nice job of keeping things in order. But in this case it is as optimistic as an unbroken sidewalk in the summer.

There is a new chapter in the Pacific phase of the war. It is the story of the capture of the Japanese battleship, the *Yamato*, and the sinking of the *Shinano*.

The capture of the *Yamato* is a great blow to the Japanese navy. It is the largest battleship ever built, and it was the pride of the Japanese fleet.

The sinking of the *Shinano* is also a great blow to the Japanese navy. It was a new class of battleship, and it was the first of its kind.

The capture of the *Yamato* and the sinking of the *Shinano* are great victories for the United States Navy.

PERSONALS

Mrs. Ruby Kemmer and son, Ralph, are visiting her mother in Atlanta, Georgia.

Mr. and Mrs. Sol Gordon and children are spending a month in New York City.

Mr. and Mrs. Eddie Schoepel moved recently into their new home in the Chosen area.

Mr. and Mrs. Jonas Lehrer are spending their vacation in New York City.

Mr. and Mrs. James D. Goggin are making their home in Cambridge, Maryland, where Mr. Goggin is doing Federal Inspection work until the middle of September.

Mrs. Luther Jones and Mrs. T. C. Brown were guests Friday and Saturday at the Earl Lindrose cottage in Port Myers.

Mr. and Mrs. Clyde Clayton and daughters, Cynthia and Linda spent the past week in the Chosen area with Mr. and Mrs. Dickie Moore.

Mr. and Mrs. Earl Williams and children visited last week with Mr. and Mrs. Bill Imperatore in Fort Myers. Mr. and Mrs. Donald Kirchman and daughter, Donna Jean, were also week-end guests at the Imperatore home.

Mr. and Mrs. Hilton Earle, Jr., and children Margaret Joe and Richard Walter, have returned home from a two weeks visit with Mr. and Mrs. W. W. Stone in Dunedin, Florida.

Mr. and Mrs. Harvey Mathews returned Sunday after spending two weeks in Little Rock, Arkansas.

Mr. and Mrs. C. L. Todd have returned home from a two weeks visit in St. Petersburg.

Mr. and Mrs. O. F. Thomas and grandson, Jimmy Thomas, visited relatives in Miami last week end.

Mrs. Gene Womack is a surgical patient at Florida East Coast Hospital in St. Augustine.

Dr. and Mrs. Ralph Pipes left for an extended motor trip through the western states. Mr. and Mrs. Ross Ballinger, of West Palm Beach, parents of Mrs. Pipes, are staying in the Pipes home with the young son, Dr. and Mrs. Pipes expect to return August 14th.

Mr. and Mrs. R. L. Murray, Sr., have returned from Fort Worth, Texas, where they visited their son, Jack, and relatives. Mrs. Murray also enjoyed an extended visit with her grandchildren and daughter, General and Mrs. W. C. Sweeney and family in Omaha, Nebraska.

Mr. Walter Kimbro arrived last week from Orlando to accept the position as linotype operator at the Herald office.

Mr. and Mrs. Cecil Bair returned last week end from Dayton, Ohio, where they visited friends and relatives.

Reverend and Mrs. L. F. Vanderwarker and daughter Kathleen left Tuesday for a vacation trip to New York and Connecticut. They expect to be gone about a month.

Mr. and Mrs. D. B. Mathis left Tuesday for a two weeks vacation with relatives in Repton, Alabama. Billy Mathis, who returned last week from summer school at Montevideo, is staying at the home of his uncle, Mr. A. B. Mathis, in Lake Harbor. Upon their return the Mathis family will go to Delray Beach to make their home.

Mr. and Mrs. Jose Moran, daughter Carmen, and their house guest, Mrs. Jose Moran, visited friends in Tampa Sunday and Monday. The senior Mrs. Moran arrived last week from Puerto Rico for a visit with her new home and family.

C. J. Aspey is taking a two weeks vacation from his duties at the Belle Glade Herald. He and Mrs. Aspey enjoyed a deep sea fishing party with Palm Beach friends on Wednesday of this week.

Mr. and Mrs. E. C. Mapp returned last week from a three weeks vacation in North Carolina.

Mr. and Mrs. James Koffman and daughter, Martha Francis, left this week for Spartanburg, South Carolina where they will spend a few days before going on to Humboldt, Tennessee.

Legion Auxiliary Needs Volunteers

Mrs. Lucy Gregory was hostess at the July meeting of the American Legion Auxiliary at her home Monday night, July 24.

Rehabilitation was assigned to members. It was announced a need still exists for ladies to knit socks for overseas packages. Anyone willing to assist the Auxiliary in this respect is asked to contact the president, Mrs. Louie Kirchman.

Assisting the local Legion in sponsoring a Bingo party for veterans at Pratt Hospital in Coral Gables, Monday night, August 7, the Auxiliary agreed to make cookies for the event. Members are needed to help serve and are asked to contact Mrs. Irene Willis.

At the close of the informal meeting, a fruit salad course was served to the following members: Mrs. Effie Allen, Mrs. Irene Willis, Mrs. Ruth Beck, Mrs. Anna Scuran, Mrs. Zaubert Buss and Mrs. Edith Kirchman and one guest, Miss Joyce Cartwright.

The August meeting will be held at the home of Mrs. Edith Kirchman.

Pumice comes from a Latin word which means foam.

DOG ODDITIES

By Harry Miller, Director, GAINES DOG RESEARCH CENTER

ENUMERATORS IN THE U.S. CENSUS OF 1950 WILL DRIVE DOG TEAMS TO COUNT ESKIMOS IN THE ARCTIC CIRCLE

MRS. CERALDINE R. DODGE, MADISON, N.J., LEADING LADY OF AMERICAN DOGDOM, HAS OWNED CHAMPION ENGLISH COCKER SPANIELS SINCE 1910

IN ANCIENT GREECE MINATURE DOGS WERE BREED SO THAT LADIES SMARTLY HOLDING THESE IN THEIR LAPIS ALSO KEPT THEIR TUMMIES WARM

© 1950, Gaines Dog Research Center, B. T. C.

American agriculture today is as different from that of 50 years ago as a jet-propelled plane is different from the Spirit of St. Louis in which Lindbergh flew the Atlantic in 1927—Secretary of Agriculture of Brannan.

In 1949 the American public issued 10,892 new books, which represents a ten percent gain over the year before and 40 percent gain over 1945.

The area of the state of Texas is 265,893 miles.

HORMONES CUT COSTS OF LIVESTOCK

Hormones like those doctors use on human patients are now thanks to industrial research, being used to turn out livestock and poultry products at less expense.

The stock hormones are "cousins" of insulin—widely known in the treatment of diabetes, and ACTH—used for arthritis. Their use for farm animals has been approved by the U.S. Food and Drug Administration, and farmers are expected to spend one million dollars for them this year.

One type of hormone, mixed with cattle feed, is credited with boosting milk production 15 percent and butterfat production 25 percent. Another hormone mixed into hogged put more than 1 one-half pound for every 100 pounds gained, while pigs on ordinary diet ate 417 pounds of feed to gain the same weight.

Another hormone is said to turn roosters into capons without surgery, thereby qualifying the fowl for a premium price of about two cents per pound.

Some of the men directing the research job are scientists who have been engaged in such work for years—some of them since student days at college. University scientists have cooperated with the industrial research men.

The hormone food for cows has been tried out successfully on about 35,000 of the animals in the past four years. The hormone for caponizing roosters will be tried out on about 12 million birds this year.

GLADES NEGRO NEWS

Written By Negroes Of The Community

New Bethel Baptist Church

Mrs. G. H. Douglas, Reporter

Mrs. Annie Mae Rivers

Sunday was the last day of the ministers and deacons congress meeting. Sunday School opened at 9:30 o'clock with the local Supl. Dea. S. Kendall and the District President Mr. W. J. Butler. Each class was taught, fifteen minutes by their teachers. The lesson was wonderfully reviewed by Rev. E. Coffee, Pastor of First Baptist Church, South Bay, Fla.

1:00 devotion led by Dea. Harry Williams and Dea. Floyd Keys of Lake Harbor, Fla. Inspirational service by St. Paul Baptist Church choir, Ft. Myers, Fla. The Morning sermon was delivered by the President Rev. A. R. Robinson. Everyone seemed to enjoy the message to the highest.

At 3:00 o'clock P. M. the message was delivered by the Rev. E. Coffee. Again the spirit ran high. The BYPU was conducted by Dea. W. O. Brown and Rev. L. M. Kitchen. At 7:30 o'clock devotion led by Dea. L. W. Holland. Inspirational service by choir no. one.

The evening message was delivered by Rev. T. K. Kennedy, pastor of Bean City and Lake Harbor. The Congress meeting was a very successful one. The next meeting will convene at Lake Harbor, Fla. Total money raised \$298.23.

Our pastor Rev. W. Porter is leaving on the week end for Griffin, Ga. There he will spend three weeks in revival meetings. Also Mrs. Daisy Hart is leaving for Fitzgerald, Ga. There she will spend her vacation visiting her relatives and friends. We pray they will have a safe trip.

First Baptist Church

Miss Lucille Jones, Reporter

Rev. J. R. Adams, Pastor

The Vacation Bible School closed Monday night with a program as follows:

Mrs. Annie P. Campbell - Mistress of Ceremonies; Address - Mrs. Lucille Wells; Story of Joseph's Life - Leola Miller; Bible drill was won by Mary Elizabeth Thompson. The books of the Bible (old and new) was recited by N. J. Barber Jr.

Roundtable discussions by members of the Intermediate Class. Mary E. Thompson, Ruby L. Washington, Alberta Rhodes, and Dorothy Chastnut. They spoke about "Faith."

The Three Periods of Moses' Life by members of the Adult Class; Mrs. Elizabeth Miller. Lucille Wells and Annie P. Campbell. Jesus and the Woman at the Well; Willie Frank Houston and Mary E. Thompson.

Johnnie Mae Wells won 1st prize in ironing a shirt and Delpha Lee Johnson won 2nd prize. The contest was held during Bible School.

100 Candidates for Baptism were taken in during the Bible School. Baptism will be Sunday Aug. 13, 1950.

The picnic gave by the Bible School was enjoyed by 145 children and their parents at Jupiter Beach, Wednesday.

Rev. Anderson and his congregation of New Hope Baptist Church of Pahokee will be here, Monday night Aug. 7, 1950. They will render services at the Church. The services will begin at 7:30 P. M. It is to benefit the Home Mission Society.

HONEY REPORT

Florida beekeepers report a 10 percent increase over last year in the number of colonies on hand July 1, 1950. The number of colonies on hand this year is estimated at 308,000 compared with 280,000 in July 1949. Losses amounted to 11 percent, attributed mainly to insects, starvation and queenless. New Spring colonies constituted 12 percent of the total. The condition of the Florida colonies on July 1 at 99 percent of normal was 1 percent below last year, while the condition of nectar plants was 78 percent of normal compared with 75 percent a year ago. The honey flow has been better than last year. The citrus bloom extended over nearly a four months period.

The United States has over 12,000 miles of seacoast and more than 14,000 miles of inland waterways.

Disregarding Signs Cause Accidents

KNOW YOUR SIGNS OF LIFE, was Highway Patrol Chief H. N. Kirkman's warning to Florida's drivers today in support of the Florida Highway Patrol's recently announced August program of highway safety education.

"Although the importance of knowing and obeying traffic signs may seem almost too basic to mention," Kirkman said, "the number of drivers today who don't know the difference between a 'Stop' sign and a 'Slow' sign is startling." Re-educating the driving public to the forms and meanings of various highway signs, and the consequences they face in not recognizing them, the Florida Highway Patrol announced, is the motivation for this month's public information program.

"In 1948," Kirkman said, "for every 100 drivers involved in a fatal accident, there were 22

instances of a sign, signal, or traffic officer having been overlooked or deliberately ignored. No traffic violation can be more flagrant than one of this nature."

The Florida Highway Patrol pointed out that most drivers are only aware that highway signs come in several shapes and colors and pay scant attention to the significance of these differences.

All highway signs fall into five groups, Kirkman said. Three of these shapes have exclusive uses. The round, octagonal, and cross-shaped signs mean "railroad" approach, "stop," and "caution"—railroad, respectively.

The other two basic sign shapes, he pointed out, are more general in nature. Diamond-shaped signs, he said, are fundamentally symbols of an approaching condition that might be dangerous, and are

First of the Fine Cars in Value

Even Wiser than He Seems

PLAINLY, here travels a man wise in the ways of fine motorcars.

You know that, by the four Ventipoints and the rich sweep of chrome which mark his car as a ROADMASTER.

You know it, should you trail him on the highway, by the smooth lift of the big Fireball

Only BUICK has Dynaflow DRIVE and with it goes:

EXHAUST-COMPRESSION (valves in head) power in three engines. Over 7-500 engine in 3000 models.

NEW-PATTERN STYLING, with MUST-GUARD fenders, non-splashing fenders, "double bubble" fenders.

WIDE-ANGLE VISIONITY, close-up road view both forward and back.

TRAFFIC-HUNTER SEE, last over-all length for easier parking and weaving, short turning radius.

EXTRA-WIDE SEATS cradled between the sides.

BUCK RIDE, from off-coil springs, safety-ride rims, low-pressure tires, ride-insulating insoles.

WIDE AWAY OF HIGHER with Body by Fisher.

Non-splashing EXHAUSTIBLE, exhaust at rear end on 1950 and 1951 models.

What is not so plain from what you see is that here also is a man very wise in what today's dollar should buy!

For this man has all that a finer owner can ask for—brilliant performance, a ride without equal for gentle softness, finger-easy handling, abundant room all around him, styling that is easily the most distinguished on the highway.

Yet he paid considerably less than comparable merit costs elsewhere.

He found fewer extra charges in his delivered price, with such things as Dynaflow Drive, foam rubber cushions, windshield washers, electric clock, even non-flare rear-view mirror included in the price.

If you know fine cars, it won't take fifteen minutes behind a ROADMASTER wheel to see that here is one of the finest.

If you have inquired about prices, a single glance at the delivered figures establishes this as the big buy of the field.

Why not make both checks—especially since your Buick dealer will be glad to arrange a trial run in a ROADMASTER any time you care to call on him?

OCALA BRAHMAN SHOW SCHEDULED JAN. 17-19

The 1951 Ocala Brahman Show will be held January 17, 18 and 19, and the annual sale will be an event of Saturday, January 20, according to the show committee of the Eastern Brahman Association, at a meeting held in Tampa recently.

Plans for the annual event will be perfected at a meeting of the committee with directors of the co-sponsors, Southeastern Fat Stock Show and Sale, Inc., at Ocala, shortly.

100 percent approval of the American Brahman Breeders' Association's recommendation of a show list was voted by the committee—which has been given executive power by EBA directors—and all EBA-sponsored shows will be classified in harmony with ABBA proposals. So far as the 1951 Florida State Fair is concerned, the committee urged that aged bull and aged cow classes be included, although ABBA recommends their elimination effective with the 1951-52 show season.

South Bay—Bean City—Lake Harbor

PENALTIES FOR DELINQUENT TAXES

A check of the tax roll for 1949 for the Town of South Bay reveals that 75% of the real estate taxes and 93% of the personal taxes for the year have been paid.

Property owners whose taxes are now delinquent for the year 1949 are urged to make an effort to avoid further penalties and costs of advertising for a tax sale by coming in immediately and taking care of these taxes which became delinquent and subject to penalty for late payment on April 1.

ART CLASSES IN CAFETERIA

The Woman's Home Demonstration Club held a special handicraft work meeting at the school cafeteria, Tuesday afternoon to make aluminum trays. Those who painted trays were Mrs. I. P. Roberts, Mrs. A. SS PARTY AT STACEY HOME

Miss Julia Stacey entertained her Intermediate Sunday School Class at a party at her home in Lake Harbor Thursday evening.

The guests were entertained with games and refreshments were served to Milton Clarend, Patricia and Betty Weaver, Mary Frances and Connie Perkins, Jimmie Robertson, Raymond Plank, Jack Hemphill and Rodney Willis.

PERSONALS

Mrs. R. L. Simmons, Mr. and Mrs. James Mott and family motored to Orlando Sunday to attend a family reunion birthday dinner honoring Bill Mott given by Mrs. Mgt. Mrs. Simmons is remaining for a more extended visit with her son and daughter-in-law.

Mrs. A. N. Lamoureux and granddaughter Sharon Kendall met her daughter, Mrs. Mary Alice Kendall, summer student, at Florida State College at Tallahassee, at Sarasota for a week end visit with friends at that point.

S. E. Campbell left last week for Grinnell, Kansas to look after his wheat harvest which is reported turning out a very excellent yield this season. Mr. Campbell was engaged in farming in the everglades during the winter.

Mrs. A. L. Cumpton and Mrs. I. P. Roberts served the Lions Club dinner at the school cafeteria Thursday evening.

Mrs. I. M. Davis and sons, Butch, Bertram and Bryant have returned from Donaldsonville, Ga. where they have been vacationing at the country home of her parents, Mr. and Mrs. Tom Moulton.

Mrs. I. P. Roberts, president, Mrs. E. M. Willis, delegate, and Mrs. A. L. Cumpton, attended the Home County Council of the Home Demonstration Club at Rainbow Park near Boynton Beach Friday. The hosts of mosquitoes drove them to the Woman's Club for the meeting.

Mrs. Eliza Long of Raleigh, N. C. is visiting her son, J. L. Brown and family.

Former Chief of Police and Mrs. C. G. Payne are visiting her sister and brother-in-law, Mr. and Mrs. Joe Gesing at Waukulla, Iowa.

Mrs. Lawrence Simmons returned recently from a weeks visit with her father and sister in Fort Myers.

Mrs. John Padgett of Serallies Farm received word last week of the accidental death of her brother, Richard Minton, in a highway accident near Bristol.

The County Mosquito Control unit, was here last week spraying the townsite for the third time in the last three weeks. A decided thinning out of the pest is noticeable.

Bill Brown 3/c Petty Officer, who has been visiting his parents Mr. and Mrs. J. L. Brown on a ten day leave, returned to Memphis, Tenn. last week where he will attend school taking a course as metallsmith.

Mrs. Mollie Stacey, Miss Letha Stacey, Robert Stacey, Mr. and Mrs. K. B. Eldon all of Lake Harbor Mr. and Mrs. J. D. Stacey, of Bryant spent the week end on the Florida Keys enjoying a fishing expedition.

Mrs. Eddie Holt and daughter Donna Jean left Saturday for Fort Lauderdale to spend some time with Mr. Holt who is operating a dragline on the flood control dike near there.

Mrs. Edna Walker, Miss Maxine Walker, Maxine, Pauline and Rodney Walker, returned Sunday from a fortnight at Fort Myers beach. Miss Maxine Walker left this afternoon for Miami to resume her regular work on Monday.

W. G. Bowen and son, Billy are visiting his mother, Mrs. W. H. Bowen at Statesboro, Ga.

J. W. Warren who is employed at Greenacres spent the week end with his family here.

B. G. Lockmiller, son of Mrs. Luda Lockmiller, recently enlisted in the U. S. Navy

Correction

We wish to make a correction in our article published in the July 28th issue, under heading as follows: "County Approves Budget." Upthegrove stated his office was operated the most efficient of any in the county, and should have read, "His office enjoys the distinction of having the most efficient registration this County has ever had, and are recognized as having the State's most outstanding permanent registration system."

and is stationed at San Diego.

Miss Betty Jo White and Miss Ruth Walker have returned to Bartow after a few days visit with Mr. and Mrs. H. B. Walker and family.

Mrs. Alice Mutchler and daughter Jackie, Mr. and Mrs. Richard D. Hurd of West Palm Beach spent the week end with Mr. and Mrs. Herbert Priest at Chosen and visited friends in South Bay. Mrs. Mutchler and Jackie have just returned from a five weeks visit with her mother and sister-in-law, Mr. and Mrs. E. E. Forbes in Orlando.

Jim Maynor, summer recreation director, took the children to Fort Lauderdale on a swim and picnic Wednesday as the final event of the summer sport. Approximately 40 children were in regular attendance during the six weeks program.

Mr. and Mrs. Delmas Adams and children Sandra and Jackie, of Claxton, Ga. are visiting her brother J. C. Bowen and sister-in-law, Mr. J. C. Bowen and Mrs. W. G. Bowen and families.

Mr. and Mrs. Melvin Harding and sons, Mickey and Richard returned Monday from a two weeks stay at the beach in Fort Myers.

James V. Allen, MEC, and Mrs. Allen have returned to the Naval Base at Jacksonville after a week end visit with his parents Mr. and Mrs. W. C. Allen. Jane Allen who has been visiting her brother and his wife returned with them and remained at home.

UWF SAYS NOT TO SIGN A-BOMB OUTLAW PETITION

The Florida Branch of United World Federalists issued a statement yesterday warning Floridians against signing a "world peace appeals" to outlaw the atomic bomb. The sponsors claim they already have a million signatures, several thousand in Florida.

Signers of petitions to outlaw the atomic bomb under present day conditions, will be falling into a Communist propaganda trap, the Federalists believe. The Soviets in their peace petitions and rallies are trying to take advantage of people of good will throughout the world for their own ends.

The reason Communists want the atomic bomb outlawed is because they feel it is the one weapon in which the United States has a superiority. George Lewis II, Tallahassee, UWF State Chairman, said if the "Stockholm peace proposal" included a pledge that the Red Army would be disbanded he'd favor it.

If the Moscow propaganda maneuver should succeed, the balance of military power in the world would be tilted sharply in favor of the Soviet Union, the UWF statement said.

The United Nations, as it has been constituted, has no ready answer to armed aggression until it has, it is imperative that the United States be able to use its stockpile of atomic bombs as a threat against aggressors and as a counter balance to the mass of the Red Army.

The Federalists feel that the United States should counter this Communist peace propaganda with a United States sponsored program to stop the danger of a world-wide war. Unless the United States State Department has a constructive peace plan ready to present to next fall's United Nations General Assembly, UN delegates may be impressed by these millions of peace signatures being dumped in their laps by Russia and its satellites, the UWF statement concluded.

233 VETS END TRAINING PROGRAM

Veterans taking training under the Florida Apprenticeship program totaled 518 during the year ending July 1, 1950, according to F. J. Vandillon, executive secretary of the Florida Apprenticeship Council.

Approximately 233 veterans attained journeyman status during this period. To become a journeyman the apprentice must fulfill certain obligations including on-the-job and classroom study for a specific period of time. When he has completed this, provided all requirements are met, he receives a certificate of completion from the Council and is recognized as a journeyman.

Total graduates for the year reached 385. Carpenter number the greatest with 119 completions. Next in order were plumbers, 65; telephone workers, 52; masons, 47; and electricians, 43. Nine other trades were represented by the graduates.

In keeping with the expanding over-all state program of apprenticeship, 109 employers were approved for apprenticeship training.

When a group or firm desires to set up a program for an industry, the Apprenticeship Council provides a training expert to work with them in their plant. In setting up a training system, standards of training and length of time are defined. After the Council registers the group, all apprentices who finish the prescribed course are recognized as journeymen.

The Yellowstone river is about 1100 miles in length.

You're sure to be ahead with CHEVROLET TRUCKS

Better Buy
Because Chevrolet trucks with Loadmaster engines offer more net horsepower—proved by certified ratings on engines used on standard equipment in conventional models of the five most popular makes, 13,000 to 16,000 lbs. G.V.W., low original cost, low cost of operation, low upkeep cost mean added savings.

Better Operation
Because Chevrolet offers Valve-in-Head engines—rugged dependability, economy and quality that last, Chevrolet's superiority has been proved year after year by millions of truckers across the nation—cut running and maintenance costs—makes real reductions in your operating expenses.

Better Resale
Chevrolet trucks have led in demand and sales for the last eight consecutive truck production years... are far ahead again this year according to current registration figures. Here is convincing proof of greater owner satisfaction—satisfaction which has made Chevrolet's higher resale value traditional across the nation.

PLUS—Chevrolet Advance-Design Truck Features!

- TWO GREAT VALVE-IN-HEAD ENGINES • THE NEW POWER-JET CARBURETOR • DIAPHRAGM SPRING CLUTCH • SYNCHRO-MESH TRANSMISSIONS • HYPOID REAR AXLES • DOUBLE-ARTICULATED BRAKES • WIDE-BASE WHEELS • ADVANCE-DESIGN STYLING
